

CANADA CAREER MONTH

thinkAG 30-Day Challenge: *Purpose-Driven Careers Start Here*

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
		1 Watch "Your Life, Your Agriculture" with your class.	2 Give 10 mins of class time for students to take the Holland Code Career Test.	3 Organize students into groups based on their similar Holland Codes. Have them explore careers in their interest areas.	4 Look through HELP Careers as a class. Have students pick out 2 careers that interest them.	5 Passion check: at home - what do you LOVE to do? Write it down!
	6 Household brainstorm: what careers are in agriculture? Challenge: try to write down 10!	7 Watch the "What's your Talent? There's a job for that!" video & discuss.	8 Analyze "What's your something?" with your students.	9 Check out THINK careers as a class. Have students pick out 2 careers that interest them.	10 Ask your students to write down 3 qualities they want their future career to have.	11 Review ORGANIZE Careers as a class. Have students pick out 2 careers that interest them.
13 Watch how "Agriculture supports Canada's growth" with your household	14 Ask students to find 1 post-secondary school in your province that offers an Agriculture program.	15 Browse PERSUADE Careers as a class. Have students pick out 2 careers that interest them.	16 Class brainstorm: what jobs are needed to feed the world?	17 Peruse CREATE Careers as a class. Have students pick out 2 careers that interest them.	18 Learn about the "Technology, Sales & Support Services" area of the Food System. Have students identify 1 career that might be a fit for them.	19 Environment check: at home - where would you like to work? Make note of it!
20 Pick out 1 scholarship you could apply for. Ask friends & family for help!	21 Explore BUILD Careers as a class. Have students pick out 2 careers that interest them.	22 Read about the "Health, Safety & Environment" area of the Food System. Have students identify 1 career that might be a fit for them.	23 Ask each student to write out their own "it's possible statement as they explore future career options.	24 Have you heard about the labour shortage? Find out how the next generation could play a role in solving this problem.	25 In pairs, get students to pick out a career they think could be fitting for their classmate based on their Holland Code results.	26 Talk to friends & family to see if they know anyone who works in the agriculture & food industry
27 Did you find a career in agriculture that interests you? Search for how much money you could earn.	28 Get students to identify & write down 5 skills they have that could bring to a future career.	29 5 min madness: set the timer - whoever writes down the most agriculture careers wins!	30 Ask your class: can you picture yourself working in the agriculture & food industry?	<p style="text-align: center;"><i>Beyond Possibilities. Endless Opportunities.</i></p>		

WE WANT ALL CANADIAN STUDENTS TO SEE A FUTURE CAREER FOR THEMSELVES IN AGRICULTURE AND FOOD.
