

Why Water?

Name: _____

As a class brainstorm and discuss the various reasons why plants need water. Think about each part of the plant (root, stem, leaf) and how it might use water differently. Once you have your 4 reasons, fill them into the appropriate boxes.

Watering Experiment Report

Name: _____

Date: _____

Watering variable being tested: _____

Hypothesis: _____

Materials: _____

Procedure: _____

Observations:

Date	What I observed
